DETAILED ACTION

Election/Restrictions

Applicant's election with traverse of Group I, claims 1-24, in the reply filed on October 12, 2004 is acknowledged.

The traversals are on the ground(s) that 1) the apparatus cannot be used for other processes. This is not found persuasive because the apparatus can be used for processes other than marking as described in the last Office action.

The traversal is on the ground(s) that the articles claimed must be used for or with the methods and apparatus which are claimed. This is not found persuasive because the articles can be made by or used with different methods and apparatus.

The traversal is on the ground(s) that claims are not species. This is not found persuasive because the medium and the article can be made by and can be used for different processes.

The requirement is still deemed proper and is therefore made FINAL.

This application is in condition for allowance except for the presence of claims 25-47 drawn to inventions non-elected with traverse in the reply filed on October 12, 2004. Applicant is given ONE MONTH or THIRTY DAYS from the date of this letter, whichever is longer, to cancel the noted claims or take other appropriate action (37 CFR 1.144). Failure to take action during this period will be treated as authorization to cancel the noted claims by Examiner's Amendment and pass the case to issue. Extensions of time under 37 CFR 1.136(a) will not be permitted since this application will be passed to issue.

The prosecution of this case is closed except for consideration of the above matter.
